

**Here's what current  
volunteers have to say about  
JVS Senior Service Corps:**

*Senior Service Corps is a friendly group of people to spend time with. Plus, it's a good feeling to be working together to help other organizations.*

*-Judy*

*I've worked my entire life and I am used to being busy. I'm 91 years old and I've got all my marbles. Senior Service Corps keeps my brain working and keeps me busy so I am not sitting at home looking at the same four walls.*

*-Ruth*

*When you wake up in the morning, you want to have something to do. Senior Service Corps gives me something to look forward to. It keeps me lively and active.*

*-Robert*

*Since many of us are seniors who live alone, this program gives us a chance to meet and talk with new people. We have great conversations about what's going on in the world. Plus, the staff is very kind and caring and they always check on us if we don't come, just to make sure we're okay.*

*-Anna*
